## FISCAL COURT HEARS REPORT OF EXPERTS

### Warm Discussion by Magistrates Over County Attorney's Fee.

#### County Clerk Graham Pays Over \$2,846.69—May Have to Pay Over More.

McCracken fiscal court met in special session this morning with all members present and heard a report from Messrs. L. Cominger and Ben C. Weaver, expert accountants of Louisville, who have been at work since last Thursday on the books of County Clerk Charles E. Graham, making out a report of the back tax collections, it having been alleged that County Clerk Graham was short to the county in his back tax collections.

The report was lengthy, covering a period from the beginning of his first term to date, and showed him behind to date in back tax collections \$2,846.69. This delinquency began on April 1st, 1902, and with the report came a check for the full amount. The court room was packed with expectant witnesses who listened with interest to the reading of the report.

Judge Lightfoot called the court together at 11 o'clock and read the report from the bench. It showed all accounts up until April 1st, 1902 straight and no money due the county, but beginning with this date no settlement or report on his collections had been made to the fiscal court. After the reading of the first report a supplementary report was read in regard to the 20 per cent. fee due the county attorney for back tax collections, which was not embodied in the first report. This report seemed to confuse the magistrates and there was much explaining, ending in a committee being appointed to employ an attorney for advice as to whether the county attorney is really entitled legally to this fee or not.

After Judge Lightfoot read the first report, County Clerk Graham made a speech in explanation of his failure to settle.

"As far as the state and county taxes, and money due, is concerned," he explained, "I will say I have paid everything in with the exception of the \$2,846.69. This had not been paid until today and I never at any time claimed that it had been paid. As you all know there is no specific time for making a settlement and because I have not settled for this amount of back taxes constitutes no crime for me; I am guilty of nothing and have always been ready to pay any money arising from mistakes I might have made when a demand is made, or when I am shown my mistakes."

The matter of whether I have done wrong, or acted illegally in the matter, lays entirely with the board, and I might take occasion to say that since my incumbency I have paid more money into the state and county than any other county clerk, by double. During the time of my incumbency I have attempted to conceal nothing and my record is open to all—the books will speak for themselves. As to the 20 per cent. fee of the county attorney, it has been paid and there is no question at all on this point.

"This investigation was started for purely political purposes at this critical time, and if it is a political move first, last and all the time, I have always had the money to discharge my obligations to the county, and am ready to pay over to the county any amount due it when called for, and may add that it has been paid. If any mistakes have been made by me, they have been honest ones and all I ask of this body, and I know I will get it, is fair treatment—then I will be satisfied."

At the conclusion of Clerk Graham's statement Justice Tapp offered a resolution to accept the report of the accountants and the settlement made in the payment of the back taxes due. The resolution was neatly typewritten and gotten up in

regular legal form. Before any action was taken on the resolution, however, Justice Tapp asked County Attorney Graves if Clerk Graham had any right to retain the money.

Attorney Graves replied that there was no fixed time by statutes or law in which to make such settlements and the motion to adopt the report of the accountants, leaving the payment or settlement out of the question, was then carried.

The question of the supplementary report was then brought up and Attorney Graves explained that he had assigned his 20 per cent fee for back collections to Clerk Graham, the latter paying a lump sum for it. It is the duty of the county attorney to send out notices of back tax dues, but it is the judgment of courts that property cannot be sold for back taxes, and there was a question raised as to whether the mere fact that a county attorney sent out the notices, which was as far as he could go towards prosecuting the sale of property for back taxes, would entitle him to the 20 per cent. Attorney Graves explained that he had read decisions and the late Judge Bishop had decided that the courts could not give a judgment against property for sale for back taxes, and that a precedent had been set in other county attorneys collecting the 20 per cent. when they did no more than send out the notices. He stated that he had sent out all notices and never failed to perform all duties required. Attorney Graves also stated that this 20 per cent. fee matter was brought up simply to confuse the court and make political capital and that if the board of magistrates did not want to take his decision in the matter of the legality of collecting the 20 per cent., it could get another attorney to give advice.

Justices Barber and Gholson spoke briefly in explanation of the matter and Justice Tapp offered a motion that inasmuch as a precedent had been set in the collection of this fee by the county attorney, and the court had upheld it, that the board vote the county attorney entitled to the fee and to disapprove the supplementary report which simply stated that the legality of the fee was to be decided by the board.

Justice Sears amended the motion by moving to employ another attorney to render an opinion as to whether Mr. Graves was entitled to the fee legally. Justice Sheehan thought that inasmuch as Attorney Graves was so greatly concerned, "in deep water," he put it, he thought the board should get additional counsel to decide the point.

Attorney Graves very heatedly denied that he was "in deep water," and stated the matter was brought up simply to confuse the board and make political capital; moreover, that he knew the "Dirty Son of a Gun" who did it, and also who incidentally had placed the county judge in a false light with him, Mr. Graves. Mr. Graves grew very angry and was at one time on the point of mentioning names, but refrained. Justice Gholson thought that because a precedent in the collection of this 20 per cent. had been set, he did not think the board should go ahead and allow it unless it was legal; if it was not it was up to the board to find out. In conclusion, he moved that a committee of three be appointed to select an attorney to pass on the point.

The motion was carried unanimously and Judge Lightfoot appointed on the committee Justices Barber, Thompson and Young.

The court then adjourned until 3 (Continued on Page Eight.)

## Paducah Boy May Soon Be a Millionaire

Mr. Maurice Herschelm, a well-known young chemist formerly with the Gregory vinegar works here, has a chemical formula which promises to make him rich. It is a chemical composition which is claimed will enable manufacturers of steel to make, galvanize, enamel, etc., the metal by a new and revolutionizing process. The formula was invented by the late Arthur Herschelm, who died in Paducah several months ago. His son took up the work, and has recently succeeded in getting a test of the process.

The trial was made at Pittsburgh, and is said to have resulted in a more satisfactory demonstration than even the young Paducah boy himself expected; 210 tons of galvanized wire were run out by Mr. Herschelm's process, it is alleged, in the presence of the Pittsburgh men and was a revelation to them. It saves much labor, and ten per cent of the cost of production. At present this sort of work is done with puristic and nitric acid.

Another test will be made before closing a deal for the rights for the process. It is understood that Mr. Herschelm has been offered \$850,000 cash for the rights in the United States of the process, or \$2,500,000 for the rights in North and South America. For the European rights he has not considered, and will not consider, any offer. He expects to go to Europe himself if everything turns out as he expects, and there dispose of the foreign rights.

The formula was discovered by the late Mr. Herschelm five years ago. The company that aided in getting the recent test, for which certain special machinery was necessary, is composed of four Pittsburgh men, one St. Louis man, and Mr. H. G. Marmel, the tailor, of Paducah, besides the owner of the formula.

The latter has resided here for several years, and has many friends who hope his hopes will be realized. He married Miss Bessie Lampman, of Paducah, several months ago.

## SOLDIERS RESTED AFTER THE RETREAT

### Gen. Kuropatkin Cheers Them Up and Expresses Hope.

#### Booming of Guns Heard Today—Soldiers Have Confidence in New General.

#### OTHER NEWS FROM THE FRONT

With Russians at Guntzing, Wednesday, March 22.—The guard, now occupies Siplingha, seventy miles north of Tieling. Pursuit is slow, the main Japanese army apparently remaining at Tieling. Four days' rest at Tieling gave us a chance to reform our retreat, which has since been orderly. Gen. Kuropatkin arrived yesterday from Harbin, and was given an ovation. He spoke, hoping the army would soon retrieve its losses. The soldiers have much confidence in Linévitch. Couriers report a force of irregulars operating eastward. They were cut off before they heard of the battle of Mukden and compelled to retire northeast, probably making for Kirin. The booming of big guns on the right flank is audible today. (Guntzing 106 miles north Tieling.)

**Russia Needs Seamen.** St. Petersburg, March 22.—A Li-bau telegram says that the organization of a fourth squadron is delayed by the inability to secure seamen. Many officers are untrained boys and the crews are largely peasants.

**Says War Will Follow War.** St. Petersburg, March 22.—Count Tolstoy, in an interview, reiterates his views on the inefficiency of the proposed governmental reforms. He says: "This striving for a renewal of the state is impossible until the people have within themselves the image of the living God. Civilization has become savage. When the war with Japan is finished there will be war with India and Tibet. Human happiness is only attainable when each individual will do his utmost, one in the workshop, another in the field and another to compose sonatas; it only matters that each fulfills his duty, creates some good, positive, and great will come of itself. Reform is of little value when humanity is savage."

**The Third Squadron.** Canea, Island of Crete, Mar. 22.—The Russian Third Pacific squadron under Admiral Nebogatoff, has left Suda bay for Port Said.

**Japan May Seize Island.** Victoria, B. C., Mar. 22.—Advices received by the steamer Hyades state that an expedition may be sent from Hokkaido to capture the Island of Sagalen, regarding which the Japanese feel they were cheated, when Russia forced the exchange for the Kuriles.

The Japanese shared the fishing privileges, which amounted to a million and a half dollars a year, with the Russians until recently, and now strong petitions are being made to the Japanese government to recapture the island. May 7th is the thirtieth anniversary of its occupation by the Russians and demonstrations are being made, seeking to have it regained by that date. It is probable that the expedition will be sent coincident with the movement against Vladivostok.

**Russians Escaped.** London, Mar. 22.—A Reuter dispatch says that the Russians have reached a place of safety but stragglers are cut off by the Japs. The haven is not named.

**Commands First Army.** St. Petersburg, March 22.—Gen. Kuropatkin has been appointed commander of the first Manchurian army. The appointment is gazetted in the official messenger.

**A Great General.** St. Petersburg, March 22.—The Russian army in Manchuria is still to have the services of Kuropatkin, who is considered by many in spite of his sorites and reverses, the best general and foremost strategist of the Russian army.

Sinking all feeling of personal bitterness because of his suppression and all the old time enmity between himself and Linévitch in a patriotic desire to be of service to the fatherland, Kuropatkin volunteered to remain in any capacity with the army which he had so long commanded. The tender has been accepted by the emperor and gratefully received by the new leader of the grand army.

**Many to Be Executed as Spies.** London, March 22.—The Tokio correspondent of the Telegraph says the Chinese governor of Liao Yang and thirty-two of his relatives have confessed to acting as Russian spies since the outbreak of the war. It is announced, the correspondent adds, that they will be punished according to martial law.

A correspondent at Aden of the Mail reports thirty-four steamers laden with 100,000 tons of coal waiting at Jibuti for the Russian fleet, which is expected there at the end of the month.

## RUPTURE IMMINENT IN MINERS' AFFAIRS

### The Operators and Union Men Fail to Agree.

#### Operators Force the Miners to Exclude J. D. Wood From the Joint Conferences.

#### STRIKE PREDICTED BY SOME

The usual talk of a strike in the Southwestern Kentucky coal fields for April 1 is at present indulged in. Every year the miners and operators hold meetings and wrangle and each side declares it will never give in, and it usually winds up at the last minute by both sides making concessions. The miners' convention at Louisville and the joint conference of miners and operators following it, have been unusually hot this year. In this miners' convention there came near being a fight when J. D. Wood and others paid their respects to one another from a personal standpoint.

The joint conference would have broken up in a row had not J. D. Wood been excluded from the meeting. Wood is the well known agitator of Central City who started out from Paducah three years ago with a show company playing a story based on the Hopkins county miners' strike events. Wood was the hero but the show did not last long. He is well known in Paducah, however, and the operators took a dislike to his ways at Louisville yesterday and said they would decline to discuss the scale further unless he was put out.

He was accordingly excluded and a shorthand report taken to him in the lobby. Mr. Wood claims that unless the operators agree to the miners' demands, there will be a strike, but others do not take such a pessimistic view of the situation, and think all differences will be adjusted.

Mr. Wood, in discussing the matter, said: "The miners of this district mean business. They came here to discuss the wage scale with the operators in a frank and open manner, but the operators have tried all along to avoid an open discussion. They have asked for time, and committee meetings several times, and when they got them they absolutely refused to make any concessions. They alone have delayed the work of this joint conference. The reason they do not want to discuss this question with me in open convention is that they know that I have the facts and the figures that cannot be controverted."

President C. W. Wells, of the United Mine Workers of District No. 23, and C. A. Barnaby, of the scale committee of the miners, did not take the same view of the matter as Mr. Wood. They were inclined to believe last night that everything could be settled without a disruption of the joint conference. They deplored the fact that the matter had been made public.

#### SECRET SERVICE MEN

#### Watch Beef Trust Witnesses Very Closely.

Chicago, March 22.—Fifteen secret service men have been brought to Chicago to guard the witnesses who will appear at a testimony before the special grand jury which today began the investigation of the transactions of the so-called "beef-trust."

So great is the desire of federal officials to maintain strict secrecy in the investigation that every witness who testifies will be closely guarded by one of the secret service men to prevent his being approached by newspaper men or agents of the packers.

C. B. Morrison, who was yesterday appointed district attorney, declared that any person detected speaking to, or inquiring the name of any of the witnesses would be liable to contempt of court.

#### SUICIDE CLAUSE

#### Is Valid in Ohio According to the Supreme Court.

Columbus, O., March 22.—The supreme court yesterday affirmed the validity of the suicide clause in an assessment policy. The decision was given in the case of Perry P. Tische against the Protected Home Circle, an assessment insurance society. Tische had his wife's life insured for \$1,000 and a short time thereafter she died by her own hand. The company refused to pay the policy, claiming the suicide agreement was valid and he now been sustained by all the courts.

#### MAY LOSE ARM.

#### Man in Wickliffe Shooting is Not So Well.

Wickliffe, Ky., March 22.—Tracy Lamar, who was one of the participants in the barber shop shooting affray Saturday night is reported not to be doing so well, and may yet lose the arm that was so badly lacerated. L. Buckhalter, the accidentally wounded party, left for St. Louis yesterday to have the ball extracted from below his ear, an operation the physicians here did not care to undertake.

## TURKISH TROOPS ANNIHILATE BAND

### Forty Bulgarians Were Killed in 3 Hour Battle.

#### Hungarian Opposition Party Threatens to Cause Trouble if Demands Are Not Granted.

#### GERMANY COURTING FRANCE.

Salonica, Mar. 22.—A Bulgarian band of forty was annihilated by Turkish troops in a three hour fight in the Ghevghel district. The Turks lost three killed and nine wounded.

**Branch Threatened.** Vienna, March 22.—In regard to the military demands of the Hungarian opposition party, the executive committee of the leading Kossuth party decided today to obstruct every cabinet excluding the principle of the oppositional demand without the consent of the opposition. This means practically a breach between the crown and parliament.

Rumors are current that the emperor is considering the appointment of a provisional cabinet, which will dissolve parliament and bring about new general elections.

**France and Germany to Make Up.** London, March 22.—The Chronicle claims to have the authority of the German embassy at London for stating that Germany is anxious for a reconciliation with France and that Emperor William is desirous of getting on terms of closest friendship with the French government. According to the high official of the embassy whom the Chronicle interviewed, the present moment is considered most opportune to arrive at such an understanding. The Russian Japanese war having entirely changed the political situation, Germany, this official said had reason to reconsider a Franco-Russian alliance as directed against herself.

**Peace with Mad Mullah.** London, March 22.—In pursuance of the arrangement arrived at December last between Great Britain and Italy to offer the Mad Mullah an assignment of a settled sphere in Somalia, together with grazers' rights in certain parts of British and Italian territory, for which the Mad Mullah binds himself to keep the peace, an agreement has been concluded at Italg, a village in Italian territory, between the Mad Mullah and the Italian diplomatic agent, Signor Pestalozza.

By its terms the Mad Mullah undertakes to observe peace toward both Great Britain and Italy.

The arrangement puts an end to the difficult and costly British expeditions against the Mad Mullah and delivers the protectorate tribes from his continual devastating raids.

#### COUNTERFEIT PORTUGUESE MONEY.

Lisbon, March 22.—The government discovers that a quantity of counterfeit Portuguese bond is circulating. A Portuguese army officer has been arrested and distinguished personages are reported to be involved. The banks had eighty thousand dollars of the counterfeits and many are believed to have been sent abroad.

#### 21 GUNS.

#### Will Be Fired in Honor of President When He Reaches Kentucky.

Louisville, Ky., Mar. 22.—The national salute of twenty-one guns will be fired in honor of President Roosevelt as he enters Louisville the morning of April 4, and also as he leaves a few hours later.

This salute is prescribed by the army regulations, and Col. Biscoe Hindman, of the First Kentucky regiment, has announced that, as it is his duty as colonel commanding, he will arrange that this honor be shown the president. The location of the four cannon, which will be fired twenty-one times, has not yet been fully decided upon.

#### AFTER CASTRO.

#### Three Other Countries Will Demand Satisfaction.

Washington, March 22.—It was learned today that Minister Bowen was instructed ten days ago to formally demand of President Castro that Venezuela arbitrate the question of dispute, mainly regarding the asphalt companies and the expulsion of an American correspondent. If Castro refuses the seizure of Venezuela customs ports is likely. In addition to Italy and France, Holland is after Venezuela, demanding the release of five Dutchmen, who are alleged to have been illegally imprisoned for seven months.

#### RECORDS SMASHED.

#### Conrad's Company Sang to a \$17,000 House.

Chicago, March 22.—The production of "Parsifal" by Conrad's Metropolitan Opera company here last night broke the Auditorium theatre record for receipts. Four thousand and thirty-nine persons entered. The receipts were between \$16,000 and \$17,000.

## RUNAWAY TROLLEY HURTS ALL ABOARD

### Funeral Party Was Returning—Chief Mourner Fatally Hurt.

#### Two Small Boys Found Frozen to Death in Wisconsin—Folk Pardons Train Robber.

#### MRS. STANFORD'S FUNERAL

Lancaster, Pa., March 22.—While descending a steep hill on the Lancaster and Southern railway near Martic Forge, a trolley car returning from the cemetery with a funeral party ran away and was wrecked against an embankment at the foot of the hill. Not one of the 31 passengers aboard escaped injury. Thos. Cummings, aged 80, whose wife had just been buried was so badly injured that he will die.

**Dead in the Ice.** Madison, Wis., March 22.—Dead in the ice on Lake Mendota, Wilfred Bondi, four years old, and Frazier McGowan, a year older, were found by Angus McGowan, father of Frazier. They had attempted to cross the lake with sleds.

**Pardons Train Robber.** Jefferson City, Mo., March 22.—Governor Folk has pardoned James L. West, convicted of holding up a train on the Missouri Pacific railroad near Sedalia and sentenced to ten years in the penitentiary in 1889. The pardon was issued on the request of the presiding judge at the trial, the prosecuting official and prominent citizens on the ground of extenuating circumstances.

**Mrs. Stanford's Funeral.** Stanford University, Cal., March 22.—The special train bearing the body of Mrs. Stanford and relatives and the university representatives arrived yesterday afternoon. The body was transferred to a hearse, which led the procession to the Stanford residence on university campus, where it will lie in state until the funeral services on Friday.

#### DEATH LIST 114.

#### Search For Missing Bodies of Shoe Factory Horror at Brockton Abandoned Last Night.

Brockton, Mass., Mar. 22.—Satisfied that there was no chance of recovering additional bodies from the ruins of the shoe factory, the search was abandoned at 11 o'clock last night after 37 hours of constant toil. The revised list, as given out by the police was:

Bodies recovered, 55; identified, 14; missing, 45; reported as escaped, 283.

It now seems probable that but 104 bodies will be buried with their identity positively established.

#### NEED FOOD.

#### People of Venezuela Said to Be in Bad Way.

Washington, March 22.—Reports have been arriving here for sometime that many people of Venezuela are penniless and in need of food. One foreign diplomat there recently reported that conditions were indescribable and that the strict censorship of everything sent out prevented the world from knowing the actual condition of affairs. All foreigners were closely watched. No official information has reached here regarding the seizure of Italian coal mines for has the French embassy been advised further regarding the affairs of the French Cable Co.

#### RAILROAD MEN.

#### Are Being Picked for Good Places on the Canal Commission.

Washington, March 22.—Beside Horace Burt, the president is considering President Loree, of the Erie road, and ex-President S. M. Felton, of the Alton road, for places on the new canal commission.

#### Ovation to Kuropatkin.

Harbin, March 22.—At the departure southward of Kuropatkin thousands of civilians and soldiers gathered at the station and gave him a great ovation. As the train started, soldiers rushed forward in the surging crowd and grasped the hand rail of the general's car, throwing their fur caps in the air and running some distance with the car. The scene made a deep impression on Kuropatkin, down whose face tears streamed. Removing his cap, he saluted again and again and stood bareheaded on the platform of the car as long as the train was in sight. The residents of Harbin are uneasy and many of them are departing. The Chinese are withdrawing their deposits from Chinese banks here.

#### Requisition Signed.

Boston, March 22.—The governor today signed a requisition for the return of Appleyard, the traction man, of Buffalo, where he is charged with obtaining money by false pretenses from the German bank.

## BOMB THROWING HAS NOT BEEN STOPPED

### Six Soldiers and Two Policemen Hurt in Warsaw.

#### Reported Russia Will Have Compulsory Education Law—Riots Reported in Several Places.

#### JEWISH PEOPLE TO PETITION.

Warsaw, March 22.—A bomb thrown from the window of a house in Volsk street at 9 o'clock last night exploded in the midst of a passing patrol composed of police and infantry. Six soldiers and two policemen were dangerously wounded. The assailant escaped.

**Policeman Shot.** Lodz, March 22.—Workmen in a number of factories again struck yesterday. A police official was shot and severely wounded. His assailants escaped.

**More Work Stops.** Mitau, Russia, March 22.—Agitators have succeeded in stopping all the work on 17 estates in Grabinsky and Hasenpoth districts. Troops have been dispatched to disturbed localities.

**Compulsory Education.** St. Petersburg, March 22.—It is reported the czar intends to issue an order of compulsory education throughout Russia, and that the Seemstov will be invited to send delegates here to discuss matters with the ministers of instruction.

**Want Jewish Equality.** Vienna, March 22.—The Hazman, (newspaper) states that Jewish delegates are getting the signatures of important Russian towns to immense petitions to the president of the committee of ministers of St. Petersburg, asking absolute equality for the Jews.

**To Aid Revolutionists.** Madrid, March 22.—A socialist newspaper here is raising a subscription to aid the Russian revolutionists.

## THE CREST

### REACHED BY THE RIVERS AT PITTSBURG AT 8 A. M.

### Streams Now Falling Rapidly—The Worst Is Believed to Be Over.

Pittsburg, March 22.—The crest of the flood was reached at 8 o'clock this morning, and the rivers are rapidly receding. The highest point was 29 feet in the Monongahela river.

**44 Feet Expected.** Wheeling, Mar. 22.—The river is 42 feet, four inches and rising two inches an hour. The weather bureau predicts forty-four feet, as the crest tonight. Hundreds of families are without gas, and it is growing colder. All the railroads are knocked out.

**Danger Line at Cincinnati.** Cincinnati, O., March 22.—The forecaster predicts that the river will pass the danger line here. It was twenty-one at noon and will be forty likely tomorrow.

**Half the City Submerged.** Bridgeport, O., March 22.—Over half the city is inundated and street cars and factories are stopped. A big loss is expected.

**Examining Trial Tomorrow.** Martin Patterson, who killed Tea Macklin, colored, night before last, will be given a hearing tomorrow morning. The man could not have walked any distance with such a gun shot wound in his breast, the physicians say, and the fact that all the blood near Patterson's house had been covered with ashes, leaves considerable yet to explain.

## A Dollar's Worth Free To An Rheumatic Sufferer

I ask no deposit—no reference—no security. There is nothing to risk—nothing to promise—nothing to pay—either now or later. Any Rheumatic sufferer who does not know my remedy may have a full dollar's worth free to try.

I willingly make this liberal offer because I know that Dr. Shoop's Rheumatic Remedy may be relied upon ALWAYS to bring the utmost relief that medicine can. Years before I discovered this remedy, I studied the nature of Rheumatism. For Rheumatism is really

**Crystallized Poison!**  
Your blood is always full of poison—the poison you eat and drink and breathe into your system. It is the purpose of the blood to absorb and carry off this poison. And the kidneys, which are the blood filters, are expected to cleanse the blood and send it back through the system clear to gather more poison which, they, in turn, will eliminate.

But sometimes the kidneys fail. And sometimes, from some other cause, the blood gets so full of poison that they cannot absorb it all. This is the start of Rheumatism. The poison accumulates and crystallizes. The crystals look like little grains of sugar or of fine white sand. The blood carries them and they increase in size. Then, when it can carry them no longer, it deposits them in a joint—on a bone—anywhere.

The twinge in your leg—the dull ache in your arm on a rainy day—these are the outward signs of the unseen crystals. And the twisted limbs and unspeakable anguish of the sufferer who has allowed his symptoms to go unheeded and unattended for years—these are the evidences of what Rheumatism neglected, can do.

Rheumatism includes lumbago, sciatica, neuralgia, gout—for all these are the results of rheumatic poison in the blood.

Plainly, the first thing to do is to remove the poison. But this is not enough. The FORMATION of the poison must be stopped, so that nature may have a chance to dissolve and eliminate the crystals which have already formed—unless this is done there can be no cure—no permanent relief.

I searched the whole earth for a specific for Rheumatism—something that I or any physician could feel safe in prescribing—something that we

## WORKING PRISONERS ON THE STREETS.

The recent peonage decision of the United States supreme court may have an indirect bearing on the fifty or more damage suits filed against the city of Paducah for working prisoners on the streets. Judge Speer, in the federal court at Atlanta, Ga., in his charge to the federal grand jury Monday according to a dispatch "confined his charge almost exclusively to a discussion of the peonage decision handed down last week by the supreme court of the United States in the case of Clyatt, from Florida."

"Judge Speer said it may be long before that court will have the opportunity to render another opinion so vital to the future of the country. "It is salutary to the black man, but to the white man it is infinitely more so. As to the labor and liberty of every citizen, it has nullified that vicious principle, 'Let him take who has the power and let him keep who can.'"

Judge Speer concluded: "For myself I do not hesitate to declare that enforced labor on a local chain gang for an offense not amounting to crime is involuntary servitude and peonage in the light of the decision of the supreme court of the United States, no matter what the state law or municipal ordinance on the subject may be."

"Should the Sultan of Morocco or Abdul Hamid at Constantinople consign to an Oriental chain gang American citizens for such trivialities as are thus daily punished here, before the sun went down the steel-clad battlements of the Union would be speeding over the ocean wave to demand redress for the injury or to avenge the wrong. Let peonage be fastened on our system and all may soon, with Riens, exclaim: "We are slaves; the bright sun rises to its course and lights a race of slaves; it sets and its last beam falls on a slave."

DEAL'S ORCHESTRAL BAND. Mr. Deal with his excellent orchestral band gave ample evidence in his Wagnerian concert at the Y. M. C. A. last evening that he has given the city an organization of which it can be justly proud. In coming to Paducah three years ago, Mr. Deal saw the opening for a small band, or an orchestral band, as he calls it, and has worked faithfully and energetically to organize one that would and could be a credit to the city. With a handful of musicians of latent talent, men who loved music for the art's sake, he has developed an organization that surprised its auditors last evening.

While the suggestion might seem an extravagant one, still the thought has occurred to not one, but many of the friends of the band that in it Paducah may have the nucleus for an organization that may be to the city some day, in a measure, what The-

Womble, of 1005 South Fourth street, says: "An attack of typhoid fever twenty years ago left me with weakened kidneys and I have had some pretty severe attacks of backache, some of them so bad that I have had to crawl around the house on my hands and knees. There was no rest, neither day nor night despite the use of a vast quantity of medicine and more than one prescription. With very little expectation that I would get relief I tried Doan's Kidney, procuring them at DuBois, Kolb & Co's. drug store. One day's treatment convinced me that they were going to the spot and when I stopped their use the last attack disappeared."

A secret society and a prominent physician have asked permission to furnish wards at the new city hospital, but neither has been given any answer. It's a daily occurrence for one customer to come into our store to purchase a suit of clothing and tell us he was offered the same suit on Broadway for two, three and sometimes four dollars more than we sell it.

Of course he wants to know how we do it. First, we sell for cash; then we know how and where to buy—we don't mean by, this statement that others don't, but we know we buy as close as it can be done; then we don't have to get the profit the Broadway houses do. Being a department store, we believe in being satisfied with small profits and making many sales.

We will sell a suit for \$5, \$6, \$7.50, \$8.50, \$9.50, \$11 and \$12 that you will have to pay two to four dollars more for elsewhere in the city.

## RUMOR OF CHANGE PROVES CORRECT

Chief Engineer H. U. Wallace, of the I. C. Resigns.

Mr. A. S. Baldwin Will Succeed Him—Mr. Wallace Goes to Panama Soon.

## A NEW CHIEF DETECTIVE ALSO.

Circulars have been issued out of Chicago by the I. C. announcing the resignation of H. U. Wallace, as chief engineer of the I. C., and the appointment in his place of A. S. Baldwin, who has been engineer of construction. Mr. Baldwin is succeeded by Principal Assistant Engineer, H. R. Safford, who is well-known here, having accompanied Mr. Wallace to Paducah on several tours of inspection.

Mr. Wallace was at one time superintendent of the Louisville division of the road and his rise in railroad circles has been rapid. His father resigned as general manager some time ago to accept the position of chief engineer on the Panama canal work, and it is said Mr. Wallace will go to Panama and work with his father.

Another change on the road which has been announced by circular is that of P. O. Keefe, chief detective of the road. Mr. O. Keefe is temporarily succeeded by Mr. J. J. Howe, and Mr. Howe is succeeded by Mr. M. Welch.

## SETS PRECEDENT.

New Jersey Judge Says Woman's Tongue is Concealed Weapon.

Morristown, N. J., March 22.—Judge Edward L. Cook, of Madison, who has been the terror of automobilists for many years, has gained further distinction as a wise proponent of the law. Under his latest decision, it has been found that the woman's tongue, when used upon a justice of the peace, becomes a concealed weapon.

Yesterday Mrs. Parker made a complaint against Mrs. Eva Morse for calling her vile names. The justice tried to settle the case, and after dismissing the complaint, endeavored to make the women shake hands. It was then that they turned their tongues loose upon the justice.

He did not look up, but made out a complaint under the seventh section of the disorderly act, which relates to concealed weapons, and fined them \$10 each. Mrs. Morse had the case brought up before County Judge Mills for review and the conviction was set aside and the money paid back.

Will the Matter of Running the Dawson Hotel Be Decided.

It is understood that the matter of running the New Century Hotel at Dawson Springs, which was managed by Messrs. Charles Reed and I. D. Wilcox, of Paducah, last season, will not be settled this year until April 12th. On that date an answer will be given the owners. It is reported that Mr. Reed may give up his share of the lease.

## RAISES WAGES.

Capt. Dan Finney Will Pay His Men More Money.

Capt. Dan Finney, owner of the South Side docks, will, beginning April 1st, it is announced, pay his men \$3.25 a day. He will continue to charge steamboat owners but \$3.50 a day, however. He has been paying the men \$3 and charging the steamboat owners \$3.50. After April 1st he will give his men 25 cents of the 50 cents royalty for the use of the docks.

## REVIVAL NEWS

GOOD CROWD AND INTEREST LAST NIGHT.

Meeting to Begin at Mayfield By Evangelist Holcomb—Revival at Rescue Mission.

The revival at the First Christian church is increasing in interest and numbers as was evidenced last evening. Mr. Pinkerton preached forcibly on "The Power That Shakes a City," and the singing of Mr. and Mrs. Kendall was very impressive. There were two professions at the close of the service.

Tonight the sermon will be "The Words of This Life" and the illustrated song is "Throw Out the Life Line."

Rev. P. M. Kendall who is assisting Rev. W. H. Pinkerton in the revival, will on Sunday afternoon hold an special service at the Young Men's Christian Association. The singing will be an special feature, but Mr. Kendall will, also, make the address.

There will be a male quartet and Mr. Kendall will have his cornet. The service will be of special interest and all men are cordially invited.

Evangelist Walter Holcomb, of North Carolina, who conducted a revival here last fall, will this week begin a meeting at Mayfield. Doubtless many Paducahans will attend as many were interested in Mr. Holcomb when here. Mr. Holcomb is just from Dallas, Tex., where he held a successful meeting, and was in Nashville, Tenn., for a few days en route to Mayfield.

Everyone is invited to the revival at the Union Rescue Mission. Rev. Harrison Timmons is assisting Mr. Chiles this week. Mrs. C. C. Peal has the music in charge.

## IN THE COURTS

Sues Street Car Company. W. H. Connell has filed suit through Attorney L. K. Taylor against the Paducah City Railway company for \$5,000 damages for personal injuries received. He claims that on Feb. 24th, he was aboard a Third street car when it jumped the track—near Shelton's foundry and so injured him that he was laid up for several days.

## Police Court.

Abe Doyle, colored, who peddled whiskey in the vicinity of Ninth and Washington streets Sunday, was fined \$50 and costs in two cases this morning.

It seems that Paducah is running a close second to Mayfield in the bootlegging line since the Sunday closing law has been so rigidly enforced, and the officers say they hear of a lot of bootlegging but can secure no evidence.

Other cases were: Jeff Frals, white, drunk, left open; James Loftin and George Ferrell, white, breach of the George Ferrell, \$5 and costs and Loftin dismissed; George Diggs, colored, whipping his wife, \$20 and costs; Grace Bennett, colored, breach of the animal, continued; Bert Roberts, white, breach of peace, \$5 and costs; Henry McAfee, petty larceny, continued; Ed Smith and H. Spillow, white, housebreaking, continued; Arch Wilson, false swearing, colored, continued until April 3.

## KICKED BY HORSE.

Fireman Henry Robinson Painfully Hurt Today.

Mr. Henry Robinson, a fireman employed at the No. 2 station, was painfully injured this morning while currying Mr. A. J. Decker's horse.

Mr. Decker sent his horse over for currying by machinery, the stationmen sometimes doing this work, and Mr. Robinson started working on the animal. Suddenly he received a kick on the right leg above the knee, and a deep gash was inflicted and the leg badly bruised.

Dr. J. S. Troutman dressed the injury which will lay the fireman off for several days.

## Found Note in Bottle.

Otto Dyer found a note in the Ohio river at this place Monday morning which contained the following letter:

Rockport, Ind., March 12, 1905.

Dear Friend:—The person finding this note will be doing me a favor by notifying me. I would like very much to know how far it went and who received it. Hoping to hear from it, I remain,

Respectfully,  
MISS BETTIE FRANK.

## AUTHOR DYING.

Jules Verne, Noted Novelist, Cannot Recover.

Ambiens, France, March 22.—The condition of Jules Verne is regarded as hopeless. Telegrams of sympathy from all quarters of the globe have been received. Many of them are from children and scientists.

## With the Sick.

Capt. J. E. Williamson is better and able to be up a short time each day. His many friends will be glad to learn of his improvement.

Mr. John Aaron, the painter, is ill at his home, 220 South Fourth street. Capt. J. M. Ezell is still quite ill at his home on North Fifth but no worse than he has been for some weeks.

## HOW TWO BEAUTIFUL WOMEN ESCAPED SPRING CATARRH BY USE OF PE-RU-NA.

Nothing Robs One of Strength Like Spring Catarrh---Spring Fever is Spring Catarrh.

Mrs. Leone Dolehan.

Miss Helen Whitman, 308 1/2 Grand Ave., Milwaukee, Wis., writes:

"There is nothing like Peruna for that tired feeling, which gives you no ambition for work or play. After a prolonged illness, about a year ago I felt unable to regain my health, but four bottles of Peruna made a wonderful change and restored me to perfect health. As long as you keep your blood in a good condition you are all right, and Peruna seems to fill the veins with pure, healthful blood. I thoroughly endorse it."—Miss Helen Whitman.

## How to Get Strong Nerves.

First, repair the injury already done to your nerves. The way to do this is to do exactly as did Mr. Hal. P. Denton, Chief Department Publicity and Promotion of National Export Exposition.

He writes: "Toward the latter part of August I found myself in a very much run-down condition. My family physician said I had nervous prostration and recommended a sea voyage. I gradually grew worse. A kind friend whom I had known in Ohio recommended Peruna. Though skeptical, I finally yielded to his advice. After using one bottle I was much improved and with the fifth bottle came complete recovery. I am in perfect health today and owe everything to Peruna."—Hal. P. Denton.

## A Spring Tonic.

Almost every body needs a tonic in the

Miss Helen Whitman.

spring. Something to brace the nerves, invigorate the brain, and cleanse the blood. That Peruna will do this is beyond all question. Everyone who has tried it has had the same experience as Mrs. D. W. Timberlake, of Lynchburg, Va., who, in a recent letter, made use of the following words: "I always take a dose of Peruna after business hours, as it is a great thing for the nerves. There is no better spring tonic, and I have used about all of them."—Mrs. D. W. Timberlake.

## Catarrh in Spring.

The spring is the best time to treat catarrh. Nature renews herself every spring. The system is rejuvenated by spring weather. This renders medicines more effective. A short course of Peruna, assisted by the balmy air of spring, will cure old, stubborn cases of catarrh that have resisted treatment for years. Everybody should have a copy of Dr. Hartman's latest book on catarrh. Address The Peruna Medicine Co., Columbus, Ohio.

## BUILDING CREDIT.

In a recent number of System Magazine there is an article on building up credit, which would be read with benefit by every young man, or any person who is attempting to advance in the business world. It deals at length with the necessary qualities to win the confidence of a bank, and proves clearly that credit is based, in the end, on the confidence a bank has in you.

While the article deals with building up a credit for men of extensive business operations, it is no less valuable to the man just commencing to make his way in the business world. For the same general qualities that win confidence, apply just as much to the man of small affairs as to the man of large affairs. Among the qualities the writer, a well-known bank official, considers necessary, are honesty, truthfulness and sobriety.

The man who does not possess these qualities may be able to command credit, but it necessarily must be at a higher rate than the man who possesses the confidence of the bank. Not in actual interest rate probably, but in other ways more real than apparent. He will be forced to pay more by being compelled to put up more and better security, which in many cases is equal to a higher rate of interest.

It is plain that if a man who has no confidence has to put up a third more security than the man who has the confidence of the bank, that he is paying larger interest, even though the actual interest rate be the same in both instances. This bank offers special inducements for the young man just commencing to have banking business. The first step towards building credit is to start an account and become acquainted with the officers of this bank.

## PEOPLE WENT WILD.

Dancing Clubs Disband—Several Thousand Converted.

Sterling, Ill., March 22.—As a result of a great religious revival which has just closed in Dixon, Ill., dancing clubs have disbanded and several thousand people have taken an oath not to frequent the bar-rooms and not to have anything to do with dancing parties or card ta-

bles. The famous Kendal club, a charitable organization, which raised several thousand dollars a year for charity, voted not to hold any more dances, and gave to William A. Sunday, "the baseball evangelist," \$300.

During the revival three bartenders were converted, a number of gambling dens were closed, and gambling outfits were demolished. At the close of the meeting a basket collection was taken for the evangel-

ist, and the people in the tabernacle gave him \$2,750 for his four weeks' work. During the four weeks of the meeting it is estimated that 180,000 people attended the meetings and that there were at least 2,000 conversions.

Mrs. D. D. Hodges, of Paragould, Ark., is expected in the city today to visit her brother, Mr. R. J. Seattle. Mrs. Hodges has been visiting in Ballard county.

### SUES HESSIG.

Bond Company Wants to Be Indemnified Against Loss.

The Fidelity Deposit Co., of Maryland, today filed an attachment suit in circuit court here, through Attorneys Wheeler, Hughes and Berry, to insure it against judgments in Tennessee that may result in cases brought against Dr. H. T. Hessig, administrator of the estate of F. A. Hessig.  
The suit is filed against Dr. H. T. Hessig, as administrator, and is for a total of \$1,065. Two suits have been filed in Tennessee, one for an inheritance tax of \$500 and the other for about \$500 for the value of diamonds Marie Wainwright alleges she deceased, F. A. Hessig, had bequeathed to her. The attorneys' fees along with the principal sued for, will amount to the above, and the deposit company, which went bond for Hessig as administrator, and which is made a party of the suit, desires to insure itself against the judgments, having been released as surety for the administrator.  
Hessig's saloon on South Third between Broadway and Kentucky avenue was closed by attachment following the suit.

### SCHOOL TRUSTEES.

Are Today Conferring Over Building Plans.

The building committee and President H. F. Williamson are this afternoon examining specifications and working plans for the new school house in Mechanicsburg to be built this summer.  
Supt. of Buildings Fred Hoyer, who drew the plans, was present to explain and will have charge of the building. The committee desires to get to work as fast as possible on the building.

### People and Pleasant Events

#### An Evening With Wagner.

Those who heard Deal's orchestral band in their "Wagner Concert" last evening at the Y. M. C. A. hall, were most fortunate, indeed, and so considered themselves. While the audience was not as large as it would doubtless have been if Lent and the revival meeting at the First Christian church had not been in progress, it was a very representative one, and was most enthusiastic in its applause and commendations.

Prof. Deal and his splendid band surprised even their most sanguine friends last night. They gave six selections from Wagner, with a spirit, finish, and sympathy that showed they had caught the great composer's motif, even to its fitting interpretation. Tannhauser, Lohengrin, and Parsifal were each represented by several selections. The Pilgrim's Chorus from Tannhauser was repeated by request at the close. "The Blended Selections from Parsifal" was very fine.

An especially attractive feature was the little talk made by Mr. Deal introducing each selection. In a concise way he sketched the opera, gave an idea of the motif of the piece. His ideal of music showed him to be on a high plane and emphasized his ability as a leader.

Mr. Deal is arranging to take his band to Mayfield, Fulton and other near-by cities. They will play Wagner in the afternoon and popular concerts at night. He has not yet set the dates, but has a man out arranging for them. These cities will give him a liberal patronage if they are at all the up-to-date places they are credited with being.

#### Married Last Evening.

The marriage of Miss Lillian Low and Mr. Henry Budke took place last evening at the home of the bride on South Thirteenth street. Rev. B. W. Bass, of the Tenth street Christian church officiated. A number of friends of the young couple were present.

The bride is the daughter of Mrs. Sallie Low and is a pretty and attractive young lady. The groom is a popular employee of the I. C. railroad.

The couple will keep house on Kentucky avenue near Thirteenth street.

Miss Farley's Recital in Metropolis.

The Metropolis papers announce a recital in that city on next Friday evening by Miss May Adaleen Farley of Whittemore, Iowa, and quote a most complimentary notice of Miss Farley's talent and charm as an eloquentist, taken from a Washington, D. C. paper.

Miss Farley has been the guest of her cousins, the Misses Farley, of Farley Place, this city, and has made many friends by her attractive personality. Doubtless a number will go from here to her recital at Metropolis.

#### Organ Recital.

Mr. Harry Gilbert will give the first of a series of organ recitals this afternoon from 5 to 6 o'clock at the First Christian church. A delightful program will be rendered, and the public is cordially invited.

#### Entre Nous Club.

Miss Lillie May Winstead will entertain the Entre Nous club on Friday afternoon, instead of Thursday, as first intended.

Mr. Will Scott, of the Farmers and Mechanics' Savings bank, left today for Biloxie, and other southern coast cities, to recuperate after a severe attack of grippe. He will be absent several weeks.

Mr. and Mrs. Charles Mocquet and Miss Myrtle Greer left last evening for a trip to Chicago.

Mr. James E. Rankin and daughter, Mrs. G. N. Gels, of Henderson, Ky., are at the Palmer House. Mr. Rankin formerly lived here.

Mr. Edgar Starks, of Benton, Ky., is in the city on business.

Mrs. Prudie Williams has returned from a visit to Mrs. Ivan Merritt, of Mayfield, Ky.

Mrs. H. K. Berry, of Corydon, Ky., is visiting her sister, Mrs. Ed. Wheeler.

Mr. George DuBois will return Thursday from Philadelphia where he has been attending school.

Mrs. A. A. Baisley will leave for the east on Friday to look through the summer millinery openings and purchase her stock.

Mrs. E. C. McGee has returned after a visit to friends and relatives in Heath, Ky.

Mrs. C. H. Chamblin will leave tomorrow for St. Louis to visit.

Mr. Claud Desha, of Cynthia, Ky., is at the Palmer House.

Mr. E. W. Smith, formerly of Paducah, but now of Los Angeles, Cal., is in the city on business.

Mrs. Frank Boyd has returned from a visit to Golconda.

#### Thumb Cut Off.

N. A. Coley, a sawyer employed at the Paducah Furniture Mfg. Co. plant, got his left thumb cut off at the mill this morning. He got his hand into a saw. The injury was dressed by Dr. Frank Boyd.

#### A Neat Scheme.

Washington, March 22.—Rate legislation opponents are distributing much literature. Some is designed to resemble interstate commerce commission publications and is the work of railroad attorneys. Many will kick to the commission.

#### Pres. Fish Creates a Sensation.

New Orleans, March 22.—President Fish, of the Illinois Central, is here and charges that the water supply was tampered with when Stuyvesant Docks were consumed. It has created a sensation.

### LANG BROS.' SUCCESS.

Great Popularity of Plan to Sell Medicine at Half-Price and Guarantee a Cure.

Lang Bros., the enterprising druggists, rather than await the ordinary methods of introduction, urged the Dr. Howard Co. to secure a quick sale for the cure of constipation and dyspepsia by offering the regular 50c bottle at half-price.

The wonderful success of this plan was a great surprise even to Lang Bros., and today there are scores of people here in Paducah who are using and praising this remarkable remedy.

So much talk has been caused by this offer, and so many new friends have been made for the specific, that the Dr. Howard Co. have authorized druggists Lang Bros. to continue this special-price sale for a limited time longer.

### SEVERAL KILLED

BY A TWISTER IN RANDOLPH COUNTY, ALA.

Destroyed Much Property After Killing Nine People and Doing Other Damage.

Opelika, Ala., March 22.—The Opelika News publishes a special from Roanoke, Randolph county, Alabama, stating that reports have reached Roanoke of one of the most disastrous storms that ever visited that section, which swept across the southern part of Randolph county Tuesday. Eight or nine lives are known to have been lost, and damage amounting to thousands of dollars was done to property.

The cyclone started at a point near Double Heads and proceeded in a northwestern course. The residence of Mack Carlisle was demolished, and R. C. Hayes of Roanoke was killed. Six miles east several houses were demolished. Three negroes were killed and several injured on the Wilson plantation. Three or four negroes were killed on the Holy plantation, near Rocky Mills.

At Lime Postoffice a store was demolished and a little white girl, daughter of a Mr. Lucas, was killed, and her mother seriously injured.

### MORE SENSATIONS

Sprung in the Hargis Trials At Lexington, Ky.

Lexington, Ky., March 22.—The inquiry into the case of the Hargises and Callahan charged with complicity in the murder of Cockrill for the purpose of deciding the question of admitting them to bail was resumed today. A sensational story was told by A. C. Bowman, foreman of the Breckinridge grand jury. He testified that when the grand jury was investigating the case against Will Britton for killing Cockrill, for which he afterwards was given a life sentence, Riley Coldiron has just given sensational testimony against Britton. At this point Alex. Hargis rushed into the grand jury room and by threats and angry attitude compelled the grand jury to adjourn, after vainly trying to get it to investigate a charge of perjury brought by Britton's friends against Coldiron. Bowman said the case was dropped and never resumed by them through fear.

Mrs. Sarah Patrick testified that in conversation with Alexander Hargis at Jackson Center about Senator Cockrill's death, he said: "It was a good shot. It killed him and I am a friend of the man who did it and will defend him. Cockrill was a low-down dirty dog."

Mrs. Patrick is aunt of Alexander Hargis' wife. Anderson White, whose brother is under life sentence with Curt Jett for the Marcus killing, testified to that Judge Hargis in June, 1902, told him that he, White, Hiram Hays and Jett were to kill James Cockrill. McKinley Cockrill, Dr. Cox and Attorney Vaughan, at Jackson. He said Judge Hargis gave him a revolver. He said he sent for him last night but he refused to come. James Cockrill was killed shortly afterwards, and Cox was assassinated later.

#### Big Towboat Here

The big towboat Clifton arrived from Pittsburgh today. She left a big tow of barges for the United States Gas, Coal and Coke company at Caseyville, and brought a tow here for the coal combine and others. The big boat is now in litigation owing to a disagreement of owners, and will be here a day or two before going back. She is in charge of Receiver Dodson, of Parkersburg, W. Va.

#### More Dope.

Frank Potte will arrive tonight, the first Paducah player who did not winter here, to come.

Land will go home in a day or two to visit relatives in Frankfort before opening the season here.

Freeman has signed with Evansville and will leave tonight to join the team and work out.

#### Heard in Benton.

In testing the jurors, the judge asked one if he had any scruples on capital punishments, should the law in the evidence justify. He remarked that he could never agree to kill a man unless he was mad at him. The judge smiled and excused him—Mayfield Messenger.

Judge Thomas P. Cook, of Murray, Ky., is at the Palmer House.

### WANTED AUTOPSY.

Dead-Woman's Sons Believe She Was Poisoned.

Rhoda Everidge, colored, who died suddenly night before last was buried this morning at 10 o'clock and following the burial her sons appeared at the police station and wanted the officers to exhumate the body and hold an autopsy to determine the cause of death.

They explained that a negro man, who had been residing at the house, gave her whiskey and she was shortly afterward taken violently ill and died several hours later. They suspect she was poisoned, but the police could do nothing in the matter and as the body had been embalmed, which would in a measure destroy traces of poison, the matter was dropped.

### UNIFORM RANK

KNIGHTS OF PYTHIAS REORGANIZE AND BEGIN DRILLS.

Paducah May Yet Get the K. of P. Widows and Orphans' Home.

The uniform rank of Paducah Knights of Pythias has been reorganized with twenty-one members to start on, and tonight regular drills will begin. It is expected that there will be many additions to the rank in a short time.

It is announced by the grand chancellor that the opening of the K. of P. Widows and Orphans' Home at Lexington, Ky., has been deferred indefinitely, and will not take place at least until after the meeting of the grand lodge next October. It was found after the home had been awarded to Lexington that the contract gave Fayette county the right to send its pauper citizens to the home if it wanted to. It is understood that the entire subject will be

threshed over again, and probably the home awarded to some other city. Next to Lexington Paducah was the best bidder, and there is now some chance that Paducah may yet land it.

#### Cured Consumption.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. ### BADLY NEEDED

IS THIS PLANK WALK ORDERED BY THE COUNCIL.

The School Authorities Are Very Anxious to Have Aldermen Concur.

The school authorities are very glad and gratified that the council authorized the building of a plank walk on George street to accommodate the hundreds of school children who otherwise have to walk many squares out of their way.

The plank walk has been a necessity but the council heretofore did not think it was. The matter has to go before the board of aldermen before the walk can be built and it is probable several school authorities will be present tomorrow night to urge its passage. Supt. Leib stated this morning that he and the railroad company had been in correspondence some little time relative to school children

coming through the shop yards going to and from the High school, but there was no way to remedy it except in the extension of 12th street over Plunkett hill to come out near 10th or 11th street and make it possible for the children to avoid the larger number of tracks.

Children are often tempted to mischief while passing through the shop yards and climb about the cars, turn on air cocks and do numerous other things detrimental to the railroad, and the school authorities as well as the railroad will prevail upon the city to extend 12th street in order to keep the children out of the railroad yards.

#### FUNERAL TODAY.

Burial of the Late Col. James P. Thompson in Oak Grove.

The funeral of the late Col. James P. Thompson, who died yesterday, took place this afternoon at 3:30 o'clock at the residence, Fourth and Washington streets, Rev. W. E. Cave, of the First Presbyterian church, officiating. The burial will be at Oak Grove.

#### ONLY SLIGHT DAMAGE.

Small Blaze at the Basket Factory Early Last Evening.

A lantern was overturned in the dry room at the Mergenthaler-Horton basket factory on Meyers street about 8:30 o'clock last night and as a result the South Side fire department were called out by an alarm from the Western Union's private system. The basket factory is running at night and this is the reason the lantern came to be there. The factory hands extinguished the flames before the firemen arrived, and the damage was slight.

#### OLD PHYSICIAN.

Dr. Joe Porter Dies Near Paris, Tenn., of Old Age.

Mr. Charles Porter, manager of the Forked Deer Tobacco factory here, has received news of the death of his uncle, Dr. Josiah Porter, the oldest native born citizen of Paris, Tenn. Dr. Porter was known to a number of Paducah people, especially the traveling men. He was 80 years old, and a son of Dr. T. K. Porter, a pioneer physician of Paris, and an older brother of former Gov. Jas. D. Porter of Nashville. Dr. Porter was born in Paris and graduated in medicine at the Transylvania college of Lexington, Ky., in March, 1846, and had been engaged in an extensive practice in Henry county ever since until a few years ago, when he suffered a stroke of paralysis.

Dr. Porter served as captain and surgeon in the Fifth Tennessee infantry during the war between the states and was prominent in politics for years, though never an aspirant for office.

Louisville Man Suicides.  
Indianapolis, Ind., Mar. 22.—Penitence and despondent over business failures and inability to find employ-

## The Wings of the Morning

By LOUIS TRACY  
Copyright, 1903, by Edward J. Clode

He rose, well pleased, and noted that on the opposite side the appearance of the shrubs and tufts of long grass indicated the existence of a grown over path toward the cliff. He followed it, walking carefully, with eyes seeking the proper way, when something rattled beneath his feet. Looking down, he was horrified to find he was trampling on a skeleton.

Had a venomous snake coiled its glistening folds around his leg he would not have been more startled. But this man of iron nerve soon recovered. He frowned deeply after the first involuntary heart throb.

With the stick he cleared away the undergrowth and revealed the skeleton of a man. The bones were big and strong, but oxidized by the action of the air. Jenks had injured the left tibia by his tread, but three fractured ribs and a smashed shoulder blade told some terrible unwritten story.

Beneath the mournful robes were fragments of decayed cloth. It was blue serge. Lying about were a few blackened objects, brass buttons marked with an anchor. The dead man's boots were in the best state of preservation, but the leather had shrunk, and the nails protruded like fangs.

A rusted pocketknife lay there, and on the left breast of the skeleton rested a round piece of tin, the top of a canteen, which might have reposed in a coat pocket. Jenks picked it up. Some curious marks and figures were punched into its surface. After a hasty glance he put it aside for more leisurely examination.

No weapon was visible. He could form no estimate as to the cause of the death of this poor unknown nor the time since the tragedy had occurred.

Jenks must have stood many minutes before he perceived that the skeleton was headless. At first he imagined that in rummaging about with the stick he had disturbed the skull. But the most minute search demonstrated that it had gone—had been taken away, in fact—for the plants which so effectively screened the lighter bones would not permit the skull to vanish.

Then the frown on the sailor's face became threatening, thunderous. He recollected the rusty crease, indistinct memories of strange tales of the China sea crowded unbidden to his brain.

"Dyaks!" he growled fiercely. "A ship's officer, an Englishman probably, murdered by head hunting Dyak pirates!"

If they came once they would come again.

Five hundred yards away Iris Deane was sleeping. He ought not to have left her alone. And then, with the devilish ingenuity of coincidence, a revolver shot awoke the echoes and sent all manner of wild howling hurtling through the trees with clamorous outcry.

Panting and wild eyed, Jenks was at the girl's side in an inconceivably short space of time. She was not beneath the shelter of the grove, but on the sands, gazing, pallid in cheek and lip, at the group of rocks on the edge of the lagoon.

"What is the matter?" he gasped. "Oh, I don't know!" she wailed brokenly. "I had a dream, such a horrible dream. And then, with the devilish ingenuity of coincidence, a revolver shot awoke the echoes and sent all manner of wild howling hurtling through the trees with clamorous outcry."

"I was not near the place," he said laboriously. It cost him an effort to breathe. His broad chest expanded inches with each respiration.

"Yes, yes, I understand. But I awoke and ran to save you. When I got here I saw something, a thing with waving arms, and fired. It vanished, and then you came."

The sailor walked slowly to the rocks. A fresh chip out of the stone showed where the bullet struck. One huge boulder was wet, as if water had been splashed over it. He halted and looked intently into the water. Not a fish was to be seen, but small spirals of sand were eddying up from the bottom, where it shelved steeply from the shore.

Iris followed him. "See!" she cried excitedly. "I was not mistaken. There was something here."

A creepy sensation ran up the man's spine and passed behind his ears. At this spot the drowned Lascars were lying. Like an inspiration came the knowledge that the cuttlefish, the drowned octopus, abounds in the China sea.

His face was livid when he turned to Iris. "You are overwrought by fatigue, Miss Deane," he said. "What you saw was probably a seal." He knew the ludicrous substitution would not be questioned. "Please go and lie down again."

"I cannot," she protested. "I am too frightened." "Frightened! By a dream! In broad daylight!"

"But why are you so pale? What has alarmed you?"

"Can you ask? Did you not give the agreed signal?"

"Yes, but—"

Her inquiring glance fell. He was breathless from agitation rather than running. He was perturbed on her account. For an instant she had looked

into his soul. "I will go back," she said quietly. "though I would rather accompany you. What are you doing?" "Seeking a place to lay our heads," he answered, with grim carelessness. "You really must rest, Miss Deane. Otherwise you will be broken up by fatigue and become ill."

So Iris again sought her couch of sand, and the sailor returned to the skeleton. They separated unwillingly, each thinking only of the other's safety and comfort.

ONLY AT CORNERS

Will Cars Stop After April 1st in Paducah.

The street car company has adopted a new rule, effective April 1st. After that date all street cars will stop only at corners. At present in the business part of town, on Broadway, the cars do not stop except at the intersections. And after the first of the coming month, none of them will stop anywhere in the city except at intersections. Where there should be an intersection and is not, as at Eighth and Broadway where the street does not come through, signs will be placed stating that the cars will stop there. By this new method, which is in vogue in all the cities, the cars will run much more regularly, and make better time.

## VETERANS MET

THE GOVERNMENT TO BE THANKED FOR FLAGS.

Major T. E. Moss Makes a Touching Address to His Old Comrades.

The James Walbert camp, Confederate Veterans, held its regular meeting last night and appointed Attorney T. E. Moss a committee to draft resolutions of thanks and approval to be sent to the Washington authorities for the legislation ordering all captured flags returned to the states where they belonged.

About thirty of the veterans of Paducah have decided to go to the Louisville reunion, and owing to the short distance it is expected that fully a hundred will go up to Louisville for the big event.

Attorney Thomas E. Moss made an unexpected and affecting address before adjournment. He said that on account of his health he expected shortly to start on a trip to Japan, China, Manila and other places at the advice of his physicians, and that if he should happen to die before he returned home, he wanted his body sent to Paducah and buried by his old comrades. He was wounded eight times during the war, and some of the wounds still give him trouble. Major Moss' friends and comrades wished him a happy trip and speedy return.

ANOTHER CONFERENCE.

Will Be Held by Paducahans Regarding the New Factory.

Messrs. T. C. Leech and John W. Little leave tomorrow for St. Louis to confer with Mr. Russell Gardner, president of the Banner Buggy company, relative to the new buggy factory a number of local capitalists are thinking of establishing here. Mr. Gardner, who is a friend of Mr. Little, has been here several times, and about a year ago thought of bringing a branch of his big buggy factory here, but finally announced that he had decided otherwise on account of freight rates. Mr. Gardner will doubtless give the Paducahans all the information they desire in regard to the establishment of the factory. When the Paducahans return they will make a report to the others.

Clarksville Tobacco Market.

Clarksville, Tenn., Mar. 22.—The receipts in the local tobacco market last week were 286 hogheads, offering 32 hogheads, sales 30 hogheads, nearly all of which was old tobacco. The receipts are steadily increasing.

The mild weather permits of the handling of the crop in the barns, and the crop is being hauled to the association's and dealers' factories. The small receipts at the local tobacco warehouses is an indication of how large a control the Planters' association has of the crop. Old tobacco is selling relatively low, for which we quote:

Low lugs, \$3.50 to \$3.75; common lugs, \$3.75 to \$4.00; medium lugs, \$4.00 to \$4.25; good lugs, \$4.25 to \$4.75; low leaf, \$4.75 to \$5.50; common leaf, \$5.75 to \$6.75; medium leaf, \$7.00 to \$8.00.

# A HEALTHY FAMILY

Is the one that can rightfully boast of pure blood. When the rich, red wine of life is coursing through the veins it imparts vigor and strength to the body and healthy action to all parts of the system. A healthy family is a wealthy family; it may be poor in worldly goods, but possessed of a priceless jewel that all the riches of earth cannot buy. A healthy family may not carry in their veins the blood of titled nobles or distinguished ancestors, but vigorous health is always an evidence of the best and purest blood, for the vital fluid contains all material necessary for the making of bone and muscle and the growth and development of the body, and upon its purity rests our chances for good health. When the body is fed upon weak, sickly blood the system languishes, growth is stunted, disease enters without hindrance, and the simplest maladies are apt to develop into serious sickness. In so many ways does the blood become contaminated that the fewest number succeed in keeping this life-giving, health-sustaining fluid in a pure and natural state. We inherit the disease-tainted blood of ancestors, parents transmit to their children such impoverished and weak blood that their lives are a continuous battle against disease, and from earliest infancy are harassed by sores and the most dreadful skin eruptions, and heirs to some old family disease. No one has a right to throw upon the shoulders of posterity a disease that might have been cured, or allow the blood to remain impure without an effort to restore it to health. Rheumatism, Catarrh, Scrofula and many of the severer forms of skin diseases are frequently inherited, and only the most thorough constitutional treatment can remove them. Bad blood is responsible for more ill health than all other causes combined; it absorbs the poisons that gather in the system, and the germs and microbes floating in the air find their way into the circulation, and old sores and ulcers, Eczema, Boils, Malaria and a long train of other diseases follow.

If you do not come of a strong and vigorous family and your blood shows evidence of impurity, nothing will so quickly bring it back to a healthy condition as S. S. S., the most widely known and popular blood remedy on the market. It purifies and builds up weak, sluggish blood and stimulates the circulation, and thus rids the system of impurities. S. S. S. contains tonic as well as blood purifying properties, and builds up the general health, improves the appetite and digestion, and tones up the nerves while ridding the blood of all poisons and humors. Nothing reaches old chronic blood troubles like S. S. S., and being a strictly vegetable remedy can be taken by old and young without any bad after effects or injury to the system. As a blood purifier and tonic at this season S. S. S. has no superior. It puts the blood in good order, removes all poisonous accumulations, invigorates all parts of the system and prevents that debilitated, tired feeling common to this time of year. Keeping the blood healthy is the secret of all healthy families. Write us if in need of medical advice, which our physicians will furnish free of charge. Book on the blood and its diseases mailed free.

NEWARK, OHIO, MAY 23, 1903.  
Some ten years ago I used your S. S. S. with the most satisfactory results. From childhood up I had been bothered with bad blood, characterized by skin eruptions and boils, especially bad in the summer. For five or six summers I had boils ranging from five to twenty in number each season. Our local physicians prescribed for me, but nothing they gave me did away with the annoying skin eruptions or prevented the boils from appearing. The burning accompanying the eruptions was terrible, and I had as high as six boils at one time. My condition was truly a pitiable one when I began S. S. S. It seemed to be just the medicine needed in my case. It drove out all impurities and bad blood and restored the circulation to its original strength and purity, giving me permanent relief from the skin eruption and boils. This has been ten years ago and I have never had a return of the disease. I would state also that my husband has taken it with good results.

## Use Shoffner's Sure Cure

The Great Tonic and Blood Purifier—Cures Indigestion, Dyspepsia and Catarrh.

It is a trite and true saying that the "blood is the life." Now where does the blood come from? Everybody knows, or should know, that it comes from the nutritive elements extracted by the stomach from the food we eat. If the digestive organs do not perform their functions by reason of disease germs, there is no nutrition extracted, and the food might better be thrown in the dump to decay and breed germs in the open air than to remain in the stomach and become a rotten, putrid mass, as it naturally does if there is no digestion. No disease germ can live and find lodgment in a human body that uses the Shoffner's Sure Cure. Price \$1.00.

FEAST OF PURIM

Was Yesterday Observed by Jewish Citizens.

The Jewish feast of Purim was celebrated, which was the fourteenth day of the month of Adar in the Jewish calendar. It was a day of rejoicing following a day of fasting as a preparation. The festival was instituted to commemorate the deliverance of the Jews of Persia from a massacre with which they were threatened in the days of Xerxes (B. C., 485-480), at the instigation of

Haman, the king's prime minister. The occurrence in the spring suggests a solar festival, the feast representing the death of winter while the festival makes the joyous return of spring.

In former times gifts were the feature of the day and this practice is still kept up to some extent.

## A GOOD DEAL OF NONSENSE

About "Blood Purifiers" and "Tonics."

Every drop of blood, every bone, nerve and tissue in the body can be renewed in but one way, and that is, from wholesome food properly digested. There is no other way and the idea that a medicine in itself can purify the blood or supply new tissues and strong nerves is ridiculous and on a par with the fol-de-rol that dyspepsia or indigestion is a germ disease, or that other fallacy, that a weak stomach which refuses to digest food can be made to do so by irritating and inflaming the bowels by pills and cathartics.

Stuart's Dyspepsia Tablets cure indigestion, sour stomach, gas and bloating after meals, because they furnish the digestive principles which weak stomachs lack, and unless the deficiency of pepsin and diastase is supplied, it is useless to attempt to cure stomach trouble by the use of "tonics," "pills" and "cathartics" which have absolutely no digestive power, and their only effect is to give a temporary stimulation.

One grain of the active principle in Stuart's Dyspepsia Tablets will digest 2,000 grains of meat, eggs and similar foods, and experiments have shown that they will do this in a glass bottle at proper temperature, but of course are much more effective in the stomach.

There is probably no remedy so universally used as Stuart's Tablets, because it is not only the sick and ailing, but well people who use them at every meal to insure perfect digestion and assimilation of food.

People who enjoy fair health take Stuart's Tablets as regularly as they take their meals, because they want to keep well, prevention is better than cure, and Stuart's Dyspepsia Tablets, do both; they prevent indigestion and they remove it where it exists. The regular use of one or two of them after meals will demonstrate their merit and efficiency better than any other argument.

## PADUCAH MEN

CALLED TO BENTON TO TESTIFY IN HOLLAND CASE.

The Defense Claims the Dead Man Was in a Position to Strike When Shot.

Two Paducah men were called to Benton yesterday to testify as experts in the Sheriff Walter Holland murder trial.

They are Prof. C. M. Leib, superintendent of the Paducah public schools, and Mr. James Wilcox, the well-known civil engineer. The summons came as a surprise to the Paducah men, but they had to go, returning last night after giving in all testimony asked for.

The defense is attempting to prove self-defense and is setting up claims based on mathematical facts. The defense is attempting to prove that the shooting was done while Keys was trying to strike a blow and in the attitude he would have been in while in the act of striking would cause the identical course taken by the bullet which produced death.

The wound was inflicted in the chest the bullet passing out the back four inches below the place opposite where it entered. Keys, according to the allegations of the defense, must have been bent back in the attitude of striking, his position being naturally lower than Holland, who was standing at full height when he fired.

It is stated that unless Keys had been standing in such a position, it would have been impossible for Holland to have struck where he did unless he had been a man of ten feet in height.

Supt. Leib and Engineer Wilcox were both asked their opinions and also required to demonstrate the problem mathematically, which was done.

## BOARD OF WORKS

Will Hold Its Regular Meeting This Afternoon.

The board of public works will meet this afternoon to receive bids for street sprinklers and sweepers. There are several communications in and the board will make the purchase from the lowest and best bidder, if the action of the board is ratified by the legislative boards.

The Broad street matter will likely come up for discussion. Engineer L. A. Washington has been delayed in his work of making out profiles and specifications by the delay in the legislative boards deciding what to do about the street. The board of public works favored making it 60 feet wide and later amended by making it 60 feet. The council wants it 50 feet wide.

Other routine matters will come up for action.

ALL COMMITTEEMEN  
WORK LIKE TROJANS

The Big Rally and Parade Will be Splendid.

The City and the Railroad Boys Will Both Hurl Their "Knocker" in the Ohio.

WORK ON FLOATS PROGRESSES.

Interest in the big rally to be held Friday afternoon and night by the Commercial club is running high, and the members of the different committees appointed to arrange for the big parade and reception of the visitors are working hard to complete the work.

The parade will have two funeral features, the burial of the general Knocker and the Railroad Knocker, the I. C. shop desiring to rid the shops of the perpetual presence of the Knocker.

The coffin for the railroad knocker is being made today by the wood-workers and he will be given a burial by the side of the General Knocker. The steamer Bettle Owen will be used to float the coffin out into the middle of the Ohio and amid the blowing of whistles, the firing of cannon and guns, the coffin will be sent to the bottom of the river, or left to float to some more congenial climate.

Mr. Charlie George is working hard on the floats and will have them finished by Friday afternoon. He is getting out some very nice floats and it is probable that others besides Mr. George will make floats of some kind to be placed in the procession. The committee this afternoon will go before fiscal court and invite the members to attend the rally and participate in the parade in their official capacity. It is thought that the invitation will be accepted.

The merchants have all been asked to decorate their houses for the big rally day, and are expected to do so. A number have already promised to do so and others are expected to follow suit.

A number of out of town people who have been invited to attend the rally and when the list is complete it will be made public. It is not known yet exactly how many will come.

## FISCAL COURT HEARS

(Continued from Page One.)

o'clock this afternoon when the committee will report.

The magistrates seemed greatly wrought up over the report of the accountants, and one stated that it was purely the fault of the magistrates in not specifying a time for settlement.

The report was withheld from the press by Judge Lightfoot until after the meeting is over, and this may be until tomorrow. The report is not complete, the accountants explaining that it would be impossible to make a full report until some scratch pads bearing figures were furnished them.

One part of the regular report showed to have been withheld a collection of \$998 for back tax collections fifteen months, but was paid before the accountants began work.

It is said that with the twenty per cent. claimed by County Attorney Graves as his part of the back taxes collected, and which it is alleged was assigned to Clerk Graham, there was due from Clerk Graham to the county, in addition to what he had to pay to the state, something like \$5,000. With twenty per cent. off, claimed by Attorney Graves as his share of the back taxes, the amount is as given above, \$2,842.69.

The rock over which the members of court split today was whether or not the county attorney is entitled to twenty per cent. of the back taxes. If he is not, the county clerk will have to pay it all, about \$5,000, instead of \$2,842.69. It means a matter of about \$2,000 to the taxpayers of the county.

## KENTUCKY NEWS TOLD IN PARAGRAPHS

Political Scheme Fell Through.  
Owensboro, Ky., Mar. 22.—The common council met but did not impeach Mayor Yewell. Nothing whatever was said about the matter during the whole meeting.

The council is composed of eight democrats and four republicans, and as it takes nine members to impeach, there was no possibility of arriving at that result as the whole move was only a democratic scheme to get rid of a republican mayor.

Neither was the resignation of Charles Walker, the City Attorney, called for. It is now thought here that nothing will be done in either Yewell's or Walker's cases and the matter will be dropped.

## Shooting Over Local Option.

Owensboro, Ky., Mar. 22.—In a fight over a local option election at Delaware, this county, Bird Hicks, a saloon-keeper, knocked down E. J. Hudson with a brick. Hudson went home and got his gun and shot Hicks, twenty shot entering his face and body. One penetrated his throat and may prove fatal.

## Killed by Cave-In.

Mayfield, Ky., Mar. 22.—A gravel pit near Boaz Station, twelve miles north of here caved in and killed Buck Warren, an aged farmer, and seriously injured several others.

## The "Dry" Won.

Owensboro, Ky., Mar. 22.—The "dry" won in the election at both Delaware and Curdsville. At Delaware the vote stood: For the sale of liquor, 31; against it, 57. At Curdsville the vote was: For the sale, 13; against it, 22.

Owensboro, West Louisville and Stanley are now the only places in Daviess county where liquor is sold.

## Company L. No More.

Mayfield, Ky., Mar. 22.—Company L, K. S. G. of this city, has disbanded and shipped to Frankfort all its paraphernalia and will be mustered out this week.

## News From Smithland.

Smithland, Ky., Mar. 22.—John Wells and Nancy Ellen Decker, shanty boaters living two miles above here on Cumberland river, were arrested for chicken stealing and the girl has confessed. They are both in jail.

The authorities are puzzled over the sudden disappearance of a shanty boat named Hockerberry. The last seen of him was when he started down the river in his skiff. A shot gun discharge was heard shortly afterwards and the man's skiff was subsequently found, but he has never been heard from since.

The death of Hon. Everett Butler, announced prematurely several days ago is expected at anytime. Already a number of people are named as prospective candidates for his place on the Democratic ticket as nominee for representative.

Moses A. Jameson, a farmer of the Lola section, is dead of dropsy.

## Shot Machines Removed.

Henderson, Ky., Mar. 22.—The shot machines in all the saloons here were taken out by order of Chief of Police Henry.

## The State Fair.

Louisville, Ky., Mar. 22.—The Kentucky state fair will be held September 18-23, inclusive, either in Louisville or Lexington. The Kentucky Livestock Breeders' Association has addressed letters to the commercial organizations of the two cities asking them to offer advantages for the exhibition.

## Death in Graves.

## Insane Woman Caught.

Scottsville, Ky., Mar. 22.—Mrs. Lucy A. Boucher, an aged and highly respected lady of the Maynard community, this county, has just been captured after strong efforts of the sheriff of this county. Mrs. Boucher became insane yesterday morning at an early hour, and secured a revolver and escaped to the fields, threatening and firing upon anyone she met. The sheriff succeeded in capturing her by surrounding her with a posse of men.

## Mrs. Maybrick's Case.

Louisville, Ky., Mar. 22.—Attorneys for Mrs. Florence Maybrick, the famous prisoner, are here to take depositions in the suit which she is prosecuting in the federal courts, by which she seeks to recover large land interests in Kentucky and Tennessee. Mrs. Maybrick claims the property through her grandfather, Darius B. Holbrook, who owned large tracts of land throughout the United States.

Interesting Letter From Nashville Engineer On Bitulithic Street.

The following letter from the city engineer of Nashville to the city engineer of Kansas City, Mo., with reference to street construction, is a very important one to Paducahans, especially just now when consideration of the kind of street we should have on the new ones to be built is receiving so much attention:

March 18, 1905.  
E. A. Harper, City Eng.,  
Kansas City, Mo.

Dear Sir:—Replying to your inquiry of the 16th concerning Warren Bros. Bitulithic pavement. The first bitulithic pavement laid in this city was in 1902. About 40,000 square yards were at that time laid on streets that sustained the heaviest traffic in the city. The pavement has now passed through three summers and three

winters. The pavement has never become so soft in summer as to be the least unstable nor has it ever become so hard or brittle in winter as to show the least signs of cracking or disintegrating. The pavement has stood the test here remarkably well and has proven satisfactory to the city authorities and to the public generally.

We have so far laid about 105,000 square yards. A bill has just passed our city council for 10,000 yards more this spring and we expect to continue its use extensively. The pavement is waterproof, elastic, quiet, can be easily kept clean, and being very gritty affords a good foothold.

W. M. W. SOUTHWATE, C. E.,  
Nashville, Tenn.

When the repairs are completed on the recently sunken Mary N. of the St. Bernard company's harbor fleet, she will be one of the best harbor boats on the Ohio.

Peppin Syrup Co., Monticello, Ill.,  
Gentlemen:—Last summer I was all run down from the ravages of asthma. My digestion was just about as bad as it could be, to digest at all, and in fact I was in such a condition that I was compelled to secure leave of absence from duty for two months, and "doctor up" and rest for a while. One of our passenger conductors spoke in glowing terms to me of your Syrup Peppin. More to satisfy my folks than through any faith in the medicine, I agreed to try it.  
I secured three bottles and took it according to directions faithfully. The result amazed me,

as well as my local physician who seemingly had been unable to afford me any relief from the bloating after meals, terrible taste in my mouth almost constantly, and constant constipation. In ten days time I began to eat food that I had been "scared of" for ten months; the bloating and labored breathing after meals began to subside and my sleep began to benefit me. I kept right on with the Peppin and in six weeks time I ate whatever I craved and when I felt like it.

I keep a bottle in my house constantly and whenever I need it I tackle it, and I find prompt relief from the maladies it is made to cure.

Any letters of inquiry from sufferers from indigestion or bowel trouble will be cheerfully and promptly answered. Yours very truly,
